

Teen Aircraft Build and Test Flying The Project

Students from 4 Sarasota and Manatee high schools and mentors, worked to build an airplane they would eventually fly. On December 19, 2014 Van's Aircraft RV-12 N941FL slipped the "surlly bonds of Earth" and took flight for the first time.

Directions: First right turn going north on US 41 at the Shell Station. East on General Spaatz. First Left turn. Cross Bradenton Bypass. Auditorium is on the right in a one story steel Building.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
